

Drug Screening Report Summary

- A confirmed drug screen is administered -- providing thorough, professional testing that is performed under SAMHSA certification.
- Drug screening is coordinated through the largest provider in the world -- with convenient collection locations nationwide.
- Whether your need is DOT, 5-, 7- or 10-panel testing, a customized program can be designed to meet your specific needs -- pre-employment or random.
- Medical Review Officer (MRO) services can be coordinated as well.
- Drug screening results are available within 1-3 days.

Features

- Results can be retrieved via Fastrax Online, right along with the rest of the background check.
- Drug screening programs are employer specific, but the Social Security Number is needed to match returned information with the request.
- For DOT purposes, you may obtain the results of your applicant's drug and/or alcohol tests (including refusals to be tested) from previous employers during the prior two years.
- **Testing Procedures:** Initial -- EIA Confirmation -- GC/MS
- **Collection:** Nationwide network of over 8000 collection sites.
- **Retrieval of Results:** Fastrax Online, Auto fax, remote printer, download to PC workstation, direct computer interface, automated voice results or first class mail.
